***Preparation of this Plan was funded, in part, by a New York State 1999-2000 Quality Communities Demonstration Award administered by the New York State Department of State.***

Special thanks to Niccolls Memorial Church for providing its Fellowship Hall to hold monthly meetings and work group sessions. Also, a special thanks to CAP-21 for use of its facilities for our editing sessions, and to the very enthusiastic support and recommendations provided throughout by its Executive Director, Lani Ulrich and Administrative Assistant, Mary Van Slyke. It is difficult to imagine planning efforts for any organization being feasible without such support and facilities.
